BIO

I am a 20-year-old football player hailing from Portugal. My journey in football commenced at the age of 4, showcasing unwavering dedication to the sport and aspiring to turn it into a full-fledged profession. I have honed my skills in the Football Academies of renowned Portuguese clubs such as FC Porto and Boavista, both prominent First Division teams.

My tenure with Farense preceded my current venture in Dubai. Throughout my career, I have been acknowledged by my coaching staff for my talent, relentless work ethic, and commitment to realizing my ambition of becoming a professional footballer. Beyond the field, I am known for my amiable nature, fostering strong relationships within and outside football environments. As a player, I have cultivated leadership qualities, earning respect in the locker room and excelling in communication with teammates.

TARGET & GOALS

My short to medium-term objective is to secure a professional football contract with a team that can nurture my development, enhance my skills, and pave the way for a successful long-term career in the sport. I understand that gaining playing time and achieving commendable statistics are paramount considerations at my current stage.

I am willing to compete in any league across various countries, as football holds utmost significance in my life, and I aspire to seamlessly integrate my personal life into pursuing my ambition of establishing a successful footballing career.

Martim joined us in the September 2023 transfer window and since his arrival he has been very determined to succeed with a real focus on his development. His ability to ask questions and apply his learning, you can see on a daily basis how quickly he is improving. Martim's biggest strength is his awareness to receive in pockets or in behind, his end product and his mind.

A combination of these things make him a fantastic winger with huge potential. He has been an exciting player to watch during games and in training and Martim has my full support and I fully back Martim to go onto the next level in the game. I fully recommend Martim to any professional football environment as I know he will succeed and do the best for himself and the team.

Martim is an incredible person that has an incredible amount of determination, a competitive edge like no other and a desperation to win and succeed.

As an individual Martim is a very focused person who sets his goals and strives to get there every day. The minute he steps foot on a pitch or in a gym, his attitude and character flips into competitive mode. Martim is one of the hardest workers in training and games and if his mind is on a task - it will be completed. It has been a pleasure getting to know Martim as both a player - coach relationship, but also personally.

I wish Martim all the best of luck in the future and will be there to support whenever needed. An amazing lad that deserves a chance at the next level, wherever that maybe.
